Rate/Form Filings - Property & Casualty (Liability)	373-0242

INSURANCE BUREAU RESPONSIBILITIES

OFFICE OF THE COMMISSIONER

The Commissioner of Insurance is responsible for regulating the insurance industry in Michigan and for administering operations of the Insurance Bureau as mandated by the Michigan Insurance Code (MCLA 500.100, et. seq.) and related laws.

The Commissioner is appointed by the Governor with the advice and consent of the Senate, for a term of four years. The Commissioner provides management and policy direction to the Bureau to assure statutory mandates of the Insurance Code are carried out within guidelines set by the Governor and that the goals and missions of the Bureau are met.

The Commissioner is assisted in administration of the Bureau by the following support staff: Legal Resources Division, Office of Management Support, Research and Analysis Division and the Systems Planning and Technology Division.

The Legal Resources Division works with the Commissioner to draft final decisions resulting from administrative hearings. These proceedings cover enforcement activities, filing disapprovals, appeals of Bureau actions and disputes between insurers and their policyholders. This division researches, develops and drafts declaratory rulings and regulations and performs legal research on policy questions.

The Research and Analysis Division supports the Commissioner by analyzing regulatory problems encountered by the Insurance Bureau, and developing recommendations for resolving these problems. The division also analyzes proposed legislation, participates in implementing new statutes, and prepares reports to the Legislature which evaluate the impact of various law changes. In carrying out these functions, the Research and Analysis Division develops rules, bulletins, and guidelines which convey the Commissioner's policy positions and interpretations of the Insurance Code.

The Office of Management Support provides services in the areas of budget, financial control, personnel, office services, procurement, communication and related matters.

The Systems Planning and Technology Division plans and manages Insurance Bureau information system design, software development, system integration, training and maintenance. The division works to provide an efficient information management environment in support of the Commissioner's goals of improving regulation and acheiving NAIC certification.

OFFICE OF FINANCIAL STANDARDS

The Office of Financial Standards is comprised of three major divisions: Financial Analysis and Examinations, Company Admissions and Receivership.

Financial Analysis and Examinations Division

The *Financial Analysis Section* is responsible for conducting financial and analytical reviews of approximately 1,600 companies that annually file financial statements with the Insurance Bureau. The section's five auditors also review quarterly financial statements for most of the companies. Auditors determine whether companies are financially sound and in compliance with various insurance statutes.

This year, the section took action against 5 financially troubled companies to protect Michigan policyholders. These actions included premium and policy count restrictions, liquidations, special deposits, and other voluntary restraints and corrective actions negotiated by the section's auditors and agreed to by the companies.

Additionally, the section coordinated the special examination of 86 foreign companies to determine if the companies were safe, reliable and entitled to public confidence. Various other sections in the Bureau also participated in the special exams. Seventy-two companies were asked to file operating plans with the Bureau. Work on the examinations continued into 1993.

The Financial Analysis Section administers the Premium Finance Act. To finance their insurance premiums, many Michigan residents borrow money from the 70 licensed premium finance companies. This year, the auditor responsible for premium finance companies conducted 18 on-site examinations of these companies. Frequently, the examinations resulted in fines to companies for violations of the Act and the recovery of overcharges to consumers.

The *Financial Examinations Section* conducts on-site financial examinations and compliance audits of 153 insurance companies, self-insurance pools, and health care providers domiciled in Michigan. The section is also responsible for regulating 12 Non-U.S. insurance companies entering the U.S. market through Michigan. In its examinations, the section's 29 examiners determine whether compa-

nies are financially sound and are in compliance with all relevant statutes. The section issues a public report on each company it examines. During the year, the section completed 39 regular examinations of insurers and 24 special examinations of insurance agencies, and kept its examination cycle to three years.

Company Admissions Division

The Company Admissions Division is responsible for the licensure of insurers and health maintenance organizations. Additional duties include collection of surplus lines taxes, maintenance of corporate and historical files, review of requests for additional authority, approval of acquisitions or corporate reorganizations of domestic insurers, and acceptance of service of process served upon the Commissioner of Insurance as resident agent for foreign insurers.

Receivership Division

Insurance companies and health maintenance organizations doing business in Michigan which become insolvent are supervised by the Commissioner as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The Commissioner is empowered to appoint a deputy receiver to act as the Commissioner's agent and to employ counsel as may be necessary to administer the estate. The cost of administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluation of claims filed by all interested parties, investment and conservation of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.

OFFICE OF LICENSING AND ENFORCEMENT

The Office of Licensing and Enforcement (OLE) is comprised of two divisions: Consumer Assistance and Licensing and Enforcement. OLE's primary mission is the protection of Michigan consumers from improper or unlawful conditions and/or practices which undermine their ability to receive the benefits of honest and fair insurance coverage.

Consumer Assistance and Licensing Division

The *Consumer Assistance Section* assists consumers who have experienced problems with insurance coverage or who have questions regarding insurance. In 1992, approximately 5,922 complaints were initiated. A complaint is a written statement expressing a grievance against a licensee, either an individual agent or company.

The section answered approximately 809 inquiries in 1992. (An inquiry is a written statement to which staff responds directly to the consumer, and contact with a lecensee is unnecessary). Staff conducted 154 personal consumer conferences and answered 31,619 telephone inquiries. During 1992, staff reviewed more than 13,728 files and closed 5,869 files.

In addition to the administration of the Bureau's complaint process, the section is responsible for conducting informal reviews required under the Essential Insurance Act (EIA). In 1992, 38 such reviews were held. The section received a combined total of 480 written and telephone complaints relating to the EIA, and closed 505 files (some from the previous year).

The *Senior Ombudsman* is located within the Consumer Assistance Section. The Senior Ombudsman conducts educational meetings and seminars, provides policy interpretations, conducts training for volunteer insurance counselors and provides buyers guides and other information to senior groups. The Senior Ombudsman responds to written and telehone inquiries from seniors.

In 1992, the Senior Ombudsman conducted 68 seminars, with total attendance of 3,880 persons; conducted 4 one day training sessions for volunteers; handled 210 written inquiries and 1,950 telephone inquiries from, or on behalf of seniors.

The *Licensing Section* is responsible for the examination and licensure of all insurance agents and insurance-related practitioners, collection of license-related fees, and maintenance of license records.

In 1992 the Bureau eliminated "paper and pencil" testing, and moved exclusively to electronic testing. Assessment Systems, Inc. (ASI) continues to administer exams. ASI administered 13,866 examinations during the year.

The Licensing Section issued 16,088 licenses in 1992, processed 72,146 notices of appointment, and 70,353 appointment cancellations. In addition, the section handled approximately 26,000 telephone calls dealing with licensee and candidate questions regarding license and application status and procedures, address changes, certifications, license authority, etc. The section was also responsible for billing and collecting $2,514,125 in renewal fees and approximately $200,335 in other licensing related fees.

The *Education Section* is responsible for the regulation of all prelicensing and continuing education providers and courses. The Michigan Insurance Code mandates that any individual seeking a major lines insurance license complete 40 hours of prelicensing education from an approved provider prior to taking the insurance licensing examination. Currently, there are 42 approved prelicensing education providers. Waivers of prelicensing education may be granted by written request if the applicant has been licensed in another state within the previous 24 months, holds certain professional

designations or possesses a concentration of credits in insurance from an accredited college.

On January 31, 1992, the Governor signed the Michigan Insurance Continuing Education Act into law. The Act requires all Michigan licensed agents and solicitors to earn 30 hours of state approved education credit every two years in order to keep their license active and in good standing. The Bureau approved 12 of the 34 provider applications received in 1992. Of the 394 courses submitted for review, 167 were approved.

The Commissioner's Agent Education Advisory Council was established by statute and granted authority to review course materials, curriculum and the credentials of program instructors. The Council met formally 6 times during the year to help the Bureau establish course criteria, interview potential course evaluators and provide industry insight into the course approval process.

Enforcement Division

The *Market Conduct and Investigations Section* is responsible for investigating complaints of wrongdoing on the part of licensed individuals or entities that may be in violation of the Insurance Code and related state laws. These complaints originate from either consumers or from the insurance industry .

In 1992, the section completed 229 investigations, 123 of which were forwarded to the Code Enforcement Section, with recommendations for further enforcement action.

The *Code Enforcement Section* is primarily responsible for prosecution of enforcement cases. During 1992, staff closed 143 files. Fifty-eight licensees were suspended or revoked. Assessments for civil penalties and market conduct fees totaled approximately $72,200. One hundred three orders of restitution were entered. The section held 113 Blue Cross Blue Shield of Michigan conferences and prepared 85 reviews and determinations.

OFFICE OF MARKET STANDARDS

The Office of Market Standards consists of two divisions: Health Benefit Plans and Commercial Market Standards. The major function of the Office of Market Standards is the review of rates and forms used by insurers, other third-party payers such as health care corporations and dental care corporations, and health maintenance organizations. The Office also has responsibility for the regulation of multiple employer welfare arrangements (MEWAs) and for the review of provider class plans used by Blue Cross Blue Shield of Michigan.

Health Benefit Plans Division

Division staff examine and investigate the rates and benefit contracts used by prepaid health plans. These include Blue Cross and Blue Shield of Michigan (BCBSM), health maintenance organizations (HMOs) and alternative health care financing and delivery systems (AFDS). Division staff make sure that rates are fair, reasonable in relation to benefits, and that they comply with statutory standards . They examine benefit certificates to assure that the coverage meets the criteria established in the statute and to determine if the certificates are easily understandable so consumers will not be misled regarding the coverage they are purchasing. Health Benefit Plans Division staff examine and evaluate how well BCBSM's provider contracts and reimbursement arrangements achieve statutory goals of access, quality and cost of health care services. They also examine the provider contracts of HMOs to be sure that they meet statutory standards and allow an HMO to remain financially strong and to guarantee good quality health services to its enrollees.

The division also oversees the licensure of MEWAs under Chapter 70 of the Insurance Code. The MEWA is a means by which an established association or group of employers in the same or similar industries can form a self-insurance pool to provide health benefits to their employees. MEWAs are especially attractive to industries made up of small employers.

Commercial Market Standards

The Commercial Market Standards Division reviews rates and forms for more than 1,400 commercial carriers operating in Michigan. The division reviews rates to insure they are not excessive, inadequate, or unfairly discriminatory and that benefits provided are reasonable in relation to the premium charged.

The *Property and Liability Section* reviews rules, rates and policy forms for all property and liability coverages marketed by commercial insurers in Michigan. Special emphasis is given to personal automobile, homeowners, workers' compensation, medical malpractice, and liquor liability insurance coverage. The section acted on 10,029 filings this year. In addition, the section approved or disapproved 29,890 individual policy forms.

The *Life and Health Section* reviews rates and policy forms for life and health coverages offered by commercial carriers operating in the State. In addition to its review of rates and forms, the section also reviews advertising materials used by life and health carriers to ensure that they are not misleading or deceptive. There were 4,210 life and health policy form or rate filings consisting of 10,377 separate forms or rates in 1992.

SUMMARY OF INSURANCE AND INSURANCE-RELATED LEGISLATION 1992 PUBLIC ACTS

P.A. 1 (H.B. 4108) - Enacts continuing education requirements for insurance agents.

P.A. 2 (H.B. 5213) - Amends the asset valuation provisions of the Insurance Code.

P.A. 26 (H.B. 4990) - Allows individuals covered by a group health maintenance organization contract the option to convert to an individual contract upon leaving the group.

P.A. 84 (H.B. 5501) - Adds two new chapters to the Insurance Code. Chapter 38 implements federal requirements and NAIC model act provisions for medicare supplement policies. Chapter 39 enacts NAIC model act provisions for long term care insurance policies.

P.A. 174 (H.B. 5855) - Reenacts the Automobile Theft Prevention Authority.

P.A. 182 (S.B. 592) - Enacts provisions of NAIC model legislation on insurer solvency.

INSURANCE BUREAU BULLETINS ISSUED IN 1992

Bulletin **Subject**

92-1 - Application of Section 3409(2) to individual and group policies

CONVERSIONS FROM MUTUAL TO STOCK WITHOUT MERGER

The Equitable Life Assurance Society of the United States (NY) effective 07/22/92; converted from a mutual life insurer to a stock life insurer.

Surplus Lines Tax

Surplus lines premium tax payments totaled $ 6,311,304.00. Of that amount, $5,199,844.00 was collected from agents and $1,111,460.00 was collected from insureds on direct placements. This includes surplus lines premium tax payments by risk retention and risk purchasing groups. Surplus lines taxes were based on total premiums of $315,548,679.00 ($259,992,011.00 through agents and $55,556,668.00 from direct placements).

Health Maintenance Organizations (HMO) and Alternative Health Care Financing and Delivery Systems (AFDS)

At year end, Michigan had 18 licensed HMOs and 20 licensed AFDS. No new HMO licenses were issued in 1992.

Entities licensed as AFDS offer prepaid limited line capitation programs. Examples of these limited lines include, but are not limited to, prepaid dental or vision plans. In 1992 no new AFDS were licensed, and one surrendered its license, bringing the total to 20.

The following AFDS license was withdrawn during the year:

Name	Effective
Preferred Health Plan	1/7/92
